

BARC October 2019 Meeting Minutes

Afternoon All,

Had a good meeting last night, lots of conversation about **Mike Wolcott's, W4WYI**, QRP presentation, the radio kit he built, and QRP in general.

Rich Arland, K7SZ, ARRL QRP Author was also present (and a Member), and he completed 133 (+/-), QRP CW on 40 meters for the **BARC 2019 FD First Place Cup** for total QSO's. **We will have a SIGNED COPY of his 4th edition QRP book**, as one of the door prizes for the December Breakfast (BARC Feast).

QRP, under 5 watts, is a very popular aspect of our Hobby. It's fun, and challenging.

In addition, we do have an opening for Sec/Treasurer for 2020, I would be happy to do Pres again, Mike Wolcott said he could pick it up too if needed. We need a slate and VOTE at the November meeting.

Bill Allen, VP, ? I Know you've been real busy, but you've been there for the club, great FD contribution also. Drop me a note when you can.

No decisions yet on a Fall Event, and Breakfast is tentatively planned for the 14th of December, likely to be changed to the 7th.

Will get you the latest updates, as they come together.

I just wanted everybody to know that the Club Minutes will be delayed until next week, as I will be portable

73's till then.

Bill Wilson - KJ4EX
Pres., BARC 2019
